

Archaeology is where evidence, places and people meet, ensuring the stories of the past inform how we manage heritage today.

Asha Crombie

Graduate Heritage Consultant, Archaeologist

Asha Crombie is a graduate heritage consultant and archaeologist. She holds a Bachelor of Archaeology from Macquarie University.

Asha has worked on Aboriginal cultural heritage and historical archaeology projects. Her experience includes fieldwork, reporting and post-excavation analysis. She has also been involved with community consultation, and project assessment and reporting.

Asha has volunteered at museums across NSW and Queensland where she assisted and operated guided tours of the museums' exhibitions.
